It is so going to be your fault if I start laughing the next time I have sex.

Or if my partner doesn't understand why I need to pause and look something up.

Although if they (whoever they might be) want to look at the chart too and says something like "Tonight, let's go for T-Rex.", hell, I might be able to love that person.

Thanks!

When I decided to be born in February, I must not have realized I'd own a motorcycle. Winter storms play hell with...

Is this conversation grounds for workplace harassment? Not my half of it, of course.
